5 Minutes For God

Can you fit God into your busy schedule?

I would like to spend more time with God but:

The average American spends 705 hours a year on social media and an average of 2735.5 hours a year watching television.

If you were meeting an old friend for coffee to catch up would you say "I only have 5 minutes"? I don't think so. You would make time.

The early church took very seriously Jesus's statement that man does not live by bread alone but "every word that comes from the mouth of God". (Matt. 4-4). We are challenged by Scripture to reconfigure the way we live, our attitudes, and the way we think and treat others by shaping our lives to be more Christ-like.

Can you put down your phone or turn off your television and spend quality time with God each day?

Psalms 119:105 "Your word is a lamp to my feet and a light to my path"
